

PANHANDLE CANCER CURE FOUNDTION (PCCF) has a **mission** to provide human and material resources to our neighbors in the Texas Panhandle when they have cancer or blood disease and are experiencing true financial strain.

Proceeds from our fundraising events will support our local cancer patients with their financial needs. We are proud to have been able many times to meet a patient's need the same day that the request has been made. PCCF serves Panhandle cancer patients regardless of where they receive their care.

Non-medical costs are often burdensome or overlooked when a person receives cancer treatment. PCCF helps with expenses, including:

- Transportation
- Lodging
- Utilities
- Food
- Cosmetic wigs

PCCF's **vision** is to serve as a safety net for the Texas Panhandle.

PCCF funds cancer support groups:

Dudes and Divas is a support group for breast cancer survivors. They meet the second Tuesday of every month. Contact: Jennifer Campos at (806) 457-2052.

Princess Warriors is a support group for gynecological cancer survivors. They meet the first Tuesday of every month. Contact: Grace Solis at 806-358-8654 or Email: grace.solis@usoncology.com
